ADVICE LETTER 1914-G
(U 902-G)

PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA

SUBJECT: REVISION OF GAS PROCUREMENT RATES EFFECTIVE JANUARY 1, 2010

San Diego Gas & Electric Company (SDG&E) hereby transmits for filing the following changes in its gas tariffs, as shown on the enclosed Attachment A.

This routine filing requests the following changes:

- 1) a revision of Schedule GPC; and
- 2) a revision of the Franchise Fee Surcharge Rates under Schedule GP-SUR.

Core Procurement Rates

SDG&E is revising Schedule GPC and the majority of its core rate schedules to reflect the 30-day projected cost of gas applicable to core customers effective January 1, 2010. The Schedule GPC rate is a component of the existing bundled rates in each of the core rate schedules. Commission D.96-05-071, as modified by Commission D.97-07-061, authorizes SDG&E to file for monthly core procurement rate changes. As a result, the commodity rate for each of SDG&E's core rate schedules includes a Schedule GPC rate of \$0.57908 per therm.

Schedule GP-SUR (Customer-Procured Gas Franchise Fee Surcharge)

Effective January 1, 2010, the Schedule GP-SUR Gas Franchise Fee Surcharge, applicable to core customers **outside** the City of San Diego is \$0.01202 per therm. The Gas Franchise Fee Surcharge, applicable to core customers **in** the City of San Diego is \$0.01786 per therm.

Tariffs on the Internet

For your convenience, SDG&E's core and noncore gas procurement and transportation rates are posted on its Internet site at: http://www.sdge.com/regulatory/tariff/current_tariffs.shtml.

GTC/GTCA customers who receive service under this schedule shall also be eligible for standby services ahead of such services offered to noncore customers, including core subscription customers.

Billing adjustments may be necessary to reflect changes in volumes used in developing prior periods' transportation charges.
