

SCHEDULE G-CBC

Sheet 1

ENERGY SERVICE PROVIDER (ESP)
CONSOLIDATED BILLING CREDIT

APPLICABILITY

Schedule G-CBC applies to Customers who receive core aggregation gas transportation service and whose energy service provider (ESP) provides consolidated billing services as specified in Rule 32. Core aggregation transportation (CAT) customers for whom an ESP provides consolidated billing services, shall receive a credit from SDG&E towards their transportation charges for that period of time during when SDG&E is not required to send an information-only bill to such customer. To qualify, customers must be served by an ESP that has an active ESP Billing Agreement (Attachment E to Form 142-1859).

TERRITORY

Applicable throughout the service territory.

DESCRIPTION OF TARIFFED SERVICE

A customer receiving ESP consolidated billing services, as specified above, shall receive an avoided cost credit towards their transportation charges. The credit shall be shown as a line item on SDG&E's customer specific billing data provided to the ESPs.

SDG&E is not liable to the customer for any damages (direct, indirect, consequential or incidental) associated with or arising from the ESP's modification of or failure to provide customer with any SDG&E-provided bill insert. The CPUC has the sole jurisdiction to resolve disputes concerning the content of a utility-provided bill insert.

RATES

Avoided Cost Credit – Residential

Per account, per month \$0.05

Avoided Cost Credit – Non-Residential

Per account, per month \$0.16

These credits are in addition to any credits provided for ESP electric billing services, if any.
